 gaurangkeluskar22 |  gaurang-keluskar |  gaurangkeluskar22@gmail.com |  +91 9594152945

Frontend Developer with **3** years of experience in building high-performance, responsive, scalable web applications using **React.js, Redux, Next.js, TypeScript, and JavaScript.**

Technical Skills

Frontend: JavaScript, TypeScript, React.js, Preact, Next.js, JQuery, Pixi.js, Redux, Redux-Toolkit, Context API, Tailwind, MUI, Bootstrap, HTML, CSS, SCSS, GSAP
Backend: Node.js, Express.js, Redis, SQL, MySQL, MongoDB, GraphQL
Tools: GIT, GitHub, Postman, Firebase, Socket.io, SocketCluster, WebRTC, Docker, Jenkins, Jest

Professional Experience

SE - Cogitate (Immediate Joiner)

June 2025 - November 2025 - Navi Mumbai

- Built the Nationwide Mutual Insurance Company carrier integration for the **FTP** project from scratch, including **SDUI** configuration for multiple screens and **JSONata** transformations to convert API requests/responses into the unified policy object.
- Implemented **Cogitate's CAIRA (AI Submission Agent)** in the FTP project by developing transformations to map AI response objects to the policy object, creating the confidence-score transformation, and building a **backend hook** to fetch agent, agency, and underwriter details.
- Developed comprehensive Jest unit test cases for both frontend and backend, achieving high test coverage above **85%** and ensuring stability across features.

SDE I - ImpactGuru Pvt Ltd

March 2025 - June 2025 - Mumbai

- Developed **ImpactGuru story pages** (v11) with a focus on performance, resulting in a **50%** reduction in user bounce rates. Delivered **3** production-ready websites **Fund My Cure, Save a Life, and Care Guru Foundation** from concept to deployment using HTML, CSS, jQuery, Bootstrap, and PHP, ensuring responsiveness and optimal performance by following industry best practices. Developed a comprehensive **Hospital Listing** website using **React.js**, implementing key features such as **search, filtering, pagination**, and a detailed hospital information page to improve user experience and data accessibility.

SDE I - Jio Platforms Ltd

September 2022 - March 2025 - Navi Mumbai

• JioEngage Projects:

Optimized **Spin2Win, Jackpot, and Ludo** games, reducing initial load time by **50%**. Led frontend migration from **Angular** → **React** → **Preact**, improving performance and reducing bundle size. Built **JioCloud PC** web app using React.js with responsive, fast, and intuitive UI. Implemented **micro-frontend modules** for FAQ, TnC and Privacy Policy, enabling independent deployments. Rebuilt the **JioEngage Ludo game** using React.js, integrating **PixiJS** for high-performance rendering and **GSAP** for smooth animations, resulting in an improved and scalable game experience. Contributed to **Mera Sansad** and **Citizen View** platforms with key feature delivery and bug resolution. Identified and resolved **critical bugs** proactively, ensuring smooth and timely sprint releases. Recognized as a **Star Performer** for impactful contributions.

Education

2019 - 2022 **Bachelor of Engineering** - University of Mumbai

(CGPA: 9.69)
